Notes:

- The above figures are based on the Sugi Pharmacy Group ' s sales reports. Actually realized results may differ from sales report figures.
- “ Existing stores ” refers to those stores for which 13 months or more have passed since they were first opened.
- Figures from monthly sales reports for Iizuka Yakuhin Co., Ltd. which became a subsidiary on September 3, 2007, are included in group totals for all stores from September 2007. Figures for Iizuka Yakuhin will, therefore, be included in group totals for existing stores from October 2008.

<Summary; February 2008>

Existing-store sales in Sugi pharmacy (Non-consolidated) increased +7.9 % for the month, due to solid growth in prescription fillings. Existing store sales in group total increased +7.1% because Japan Co. exhibited the existing store sales of 100% and over.

<Summary; Full-term, FY ending Feb 2008>

The number of stores at the end of February 2008 was 624, which increased 114 stores compared with at the end of February 2007. The number of stores opened was 137, including 97 stores acquired by M&A. The number of stores closed was 23, including 9 stores that belonged to Iizuka Yakuhin. Aggressive M&A contributed to the increased number of stores, although the revised Building Standards Act led to the delay of the schedule and decreased the number of stores opened.

In terms of existing-store sales, Sugi pharmacy (Non-consolidated) exhibited +8.2% growth, supported by the growth in sales from prescription fillings and cosmetics. The planned existing-store sales at the beginning of FY was +2.3% and revised existing-store sales in January was +6.9%. Additionally, existing-store sales in Japan Co. exhibited greater than 100%.

As a result, existing-store sales in group total increased +5.8%, compared with the initial plan of +1.8% and the revised plan of +4.9%
